

# Pioneered® Etched Flooring by Vintage

Vintage is proud to introduce "ETCHED" as our newest texture to our expanding flooring collection. Our proprietary "Etching" process is being launched on Maple. By "Etching" maple, the surface of the wood becomes more durable and helps mask regular wear and tear. Etching offers a look that will complement modern, old world, and literally all design styles you can dream up. Available in 3 1/4" & 4 1/4" with UV Urethane Oil finish.
