

Pioneered® Wire Brushed Flooring by Vintage

PIONEERED WIRE BRUSHED

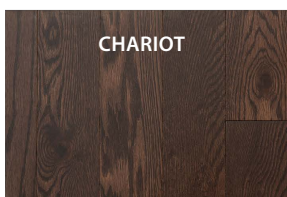

Vintage's Wire Brushed floors are another unique and beautiful option for a textured floor. The brushing technique with its UV Urethane Oil finish is a perfect mix, as the UV Oil enhances the wood, preserving the natural look and feel of the brushing. These floors tend to hide dents and scratches extremely well and everyday wear is blended in.

Wire brushing is very conducive to achieving 2 tone floors, giving you a European style and look.
